

Hadleys Grand Mercure

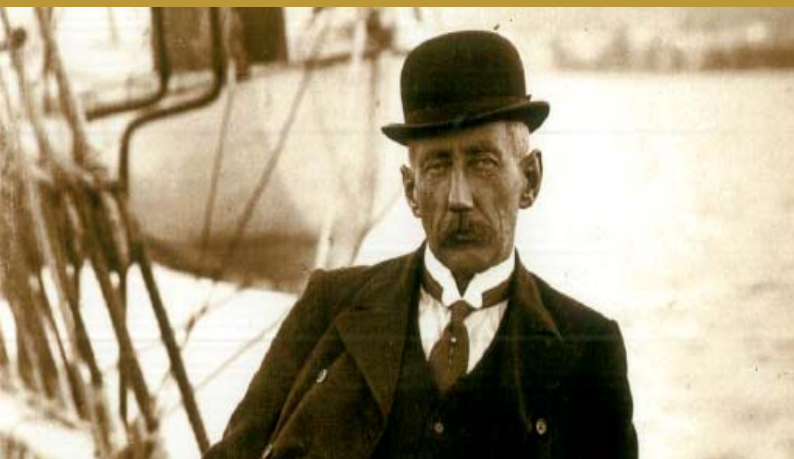

Guest Speaker Susan Barr

President of the International Polar Heritage Committee, Susan Barr will be presenting new information recently discovered about Amundsen's extraordinary expedition in a special one hour lecture.

Susan received her PhD in historical archaeology and has worked in Norway with polar history and polar heritage conservation since 1979. Susan is also the founding President of the International Council on Monuments and Sites' Polar Heritage Committee, Vice President of the International Arctic Science Committee, member of the Board of the Norwegian Polar Club and author of numerous books and articles on polar history and heritage.

*March 11th, 2012 5pm-6pm
